

Minutes 17/12/21

Shan: What do we think about the paper?

Everyone: Looks good so far.

Wimal: mentioning the word count

Shan: Asking if we can cut out as much as possible. Suggest update Figure 1 to include business impact. Want to join the seminar to ask some questions regarding the assignment.

Shan will continue to improve the document and we agreed that we will

Shan suggested 1 or 2 extra academic sources for Figure 2.

Wimal asked about the progress of the conclusion and Shan mentioned just writing a short paragraph to tie it all up. Shan also mentioned that he will add a Gantt chart and clean up the reference list. Hendrik and Wimal will do further research on Figure 2.

Shan mentioned the peer review document and to not forget it.

Minutes 19/12/21

Shan: Asking how much time everyone has for the meeting?

Hendrik: Pretty flexible

Sharon: 30 mins

Wimal: 30-60 mins

Shan: Suggesting to read over the document to see if there is any further feedback. Continued mentioning feedback we received from the professor.

Hendrik: Will look into fitting the gantt chart and add more info to the impact section.

Shan: Cutting down on the document and improving the readability. Suggesting to update the examples column in the vulnerabilities section.

Note for unit 11 assignment. Log in attempts are not limited.
